25X1

2. The Hainan Island generating facilities [REDACTED] are gradually being restored by the Communists. The electric power supply has been restored at only four places: Haik'ou (N 20-30, E 110-20), Sanya (N 18-16, E 109-30), Yaihsien (N 18-24, E 109-10), and Peili (N 19-08, E 108-43), with no power provided for industrial use. [REDACTED] however,

the Hainan Electric Administration planned to provide electric power for industrial use [redacted]

25X1

3. [redacted] there was an electric power generating plant at Tuchiang (6757/3068), one third of a mile southeast of P'uyangch'ang (N 31-04, E 103-41), Szechuan. The power generated at this plant supplied Ch'engtu (N 30-40, E 104-04) as well as the local area.

4. [redacted] there was a coal mine situated approximately six and one half miles north of P'uyangch'ang. It utilized some medium-sized equipment and employed about 1,000 coal miners.

25X1

5. [redacted] because of the shortage of charcoal in Canton, the municipal government had instructed the people to use coal and had asked all government organizations, troops, schools, groups, and enterprise units to change to coal lumps and coal briquettes for fuel [redacted] Under this plan, all city residents will use coal [redacted]
